## KPETS Kanine Karnival - Sat, Sept 8 10 am - 2 pm

It's that time of year again. The Fifth Annual KPETS Kanine Karnival (formally the Bow Wow Luau) will be held on Saturday, September 8 from 10 am to 2 pm at the Overlook Dog Park in Manheim Township, Lancaster.

This will be our first event away from our original location of Brethren Village. By holding it at the dog park, we can invite more of the community, and more of the folks from the facilities we visit, to join us.

Some of the activities will include a microchip clinic, Canine Good Citizen Testing, Agility demos and practice. We'll have vendors with doggie items and much more.

The dog park play areas for large and small dogs will be open for the dogs to play off-leash. And the common area will be where all of the activities will be held.

The fun begins at 10 am. We are inviting folks from various long-term care facilities and other organizations we serve. They will be able participate in our presentation that will start at 11 am with interactive games and lots of fun.

Immediately following the presentation, will be the kick-off for the *Stroll & Roll!* This is our fund-raising walk so start getting your pledges now! We will be connecting our special guests with dog and handler teams to go on the *Stroll & Roll* - to go for a

walk together around the beautiful Overlook campus. This can be as long or as short as you like. Some folks on wheelchairs or walkers may want to go along for a short walk. Others may be up for more. It's just a way to connect everyone with new friends, human and canine! Due to the unique nature of the walk, pledges should be as a flat rate rather than by mile.

The flyer and pledge sheet are enclosed with more details so please start filling out that sheet! If you have any questions or suggestions, feel free to contact us.

This event is always a lot of fun and a lot of work too. If you'd be interested in staffing an area during the event, please email us know at [events@kpets.org](mailto:events@kpets.org) or call 717.333.kpet (5738)

Invite your friends and family. It's being held during the Manheim Township Community Days too, so there will be plenty to do for all at the Campus.

## Local Dog Nominated a Third Time for AKC ACE Award

*The News-Sun, July 18, 2007*

Each year the American Kennel Club honors and awards the top Service Dog, Search and Rescue Dog, Police Dog and Therapy Dog on national television. This year, Casey, a 7-year-old beagle owned by Cindy Wilson of Millerstown, has been nominated.

"It's truly an honor just to be nominated for such a prestigious award," Wilson said.

Casey is a licensed Therapy Dog with KPETS ( Keystone Pet Enhanced Therapy Services) and logs countless hours and miles doing many different aspects of therapy work and community service.

On Tuesdays, Casey can be found at Penn State Hershey Medical Center in the ICU, Child Psych Department or the neuroscience ICU. He is on call 24/7 there and often gets called in on weekends. Sometimes he is called to sit with a family whose loved one is dying, to sit with a dying patient or visit with a patient who is struggling due to the length of their hospital stay.

"The doctors and staff of the medical center have high regard for the program and enjoy and depend on the 'dog nights' as much as the patients and families," Wilson said.

On Thursdays, Casey works with terminally ill children at Geisinger Medical Center Children's Hospital, as well as in the Cardiac Intensive Care Unit.

Friday afternoons frequently are spent at elementary schools in Hershey doing a program called

"Furry Tales" (Reading to Rover). Casey helps children with reading difficulties overcome their fear and gain confidence by sitting with them while they read to him. He does not correct, criticize or laugh and promotes reading to the fun.

Casey also works at the Ronald McDonald House in Hershey, spending time with families whose loved ones are hospitalized. He can be seen ringing the bell during the holiday season for the Salvation Army at the Giant store in Newport; walking in numerous holiday parades; "Walking for MS"; working the Children's Miracle Network carnivals; visiting with children stricken with arthritis at the National Arthritis Foundation conference; visiting folks at the Nipple Convalescent Home in Liverpool; and doing school and church programs and other community service.

Casey's latest project is "Casey the Captivating Canine—Canine Fun with a Biblical Impact." Casey and Wilson demonstrate Casey's obedience commands and relate them to Bible verses to help teach children about the Bible and doing the right thing.

In his spare time, Casey trains and competes in obedience and agility trials. He earned his first two obedience titles in just nine months. "Not an easy feat," Wilson noted. "He typically is the only beagle competing and he loves to beat golden retrievers and border collies."

Casey, aka Brushyrun Blackmall, CGC, TD, RN, CD, inspires Wilson over and over to continue to edu-

cate the public that there are so many positive and constructive things that can be done with dogs—creating a bond, love and respect.

Wilson supports and promotes responsible pet ownership and continues to rescue homeless pets. Her most recent rescue, Maggie (a beagle), passed her Therapy Dog test in March and also works at Hershey Medical Center and Nipple Convalescent Home.

Wilson said, "The titles Casey holds mean nothing to him. He doesn't know or care that his achievements have been noted."

"To me, his accomplishments mean that he is intelligent, adaptable and good-natured. It means that he loves me enough to do what I ask of him; that I love him enough and believe in him enough to give him the chance to excel."

"His dedication is unending. And when his short life is over, his titles and accomplishments will remain a memorial to my very best deserving friend, and I will know in my heart he touched many lives."

I work in health care and love my job dearly.

of my partner and me, we care so sincerely.

We're strictly pro-bono; We're getting no wage.

For just those rewards that grow as we age.

I'll give you a hint, to what wheel I'm a cog.

If you haven't guessed yet, I'm a therapy dog.

—Carl & Katie

## Hershey Med. Center—Update

It has been several months since I have sent out a "pet therapy" update....so, thought I would take a minute to do that today.

First of all, our pet therapy program (in case you are wondering) is still going "strong" and is very successful. Currently, we now have 13-14 teams who do visits in all the units on Tuesday evening. Recently, Jesse Sharpe & "Boone" joined our pet therapy group and will be making visits here in MICU and MIMCU on Tuesday evenings with Bobbie & Syreeta.

Yesterday, Sunday, July 15th, Jesse brought "Boone" into MICU & MIMCU so the weekend staff would be able to meet him. He is a Lab/German Shepherd mix and is one of our "bigger" dogs...weighing in at 95 lbs. Even with his size, he is very gentle and loves to be loved and give love to anyone who needs it! :) While here, he stopped into visit a couple patients and once again it was so obvious what the pet therapy program is all about! There was one patient in MIMCU that "Boone" was only able to sit at the doorway because the patient was in isolation. Alicia was the nurse and she said he would really love to see him.....so, she positioned him in the bed so he could look over and see "Boone" and I wish you could have seen the big smile that came over his face! He also visited another patient in MICU and he also brought a smile to her face and she enjoyed being able to touch his head and pet him. He also made a stop out in the waiting room before leaving. The family of one of our patients in MICU were all out there and enjoyed the momentary distraction he provided for them from the anxiety and worry they have been experiencing the past several days. He brought smiles to all their faces and also some laughter as well.

Laura Whitman continues to be the "overseer" of the pet therapy group

and also does new evaluations for new pet teams that come into HMC. She no longer does regular visits with Reni....but, you will continue to see her from time to time as she comes in to substitute for someone or when she is doing a new evaluation.

The regular pet therapy visitation day continues to be on Tuesday evening, however, we do have several of our pet teams who are able to come to do "special" visits if needed during the weekdays or on weekends. I just wanted to remind you of this in case you should ever have a patient who you feel would benefit from a special pet therapy visit or even a family member who might benefit from one beside the "normal" visit that occurs on Tuesday evenings.

It never ceases to amaze me how animals are able to "reach" a patient or family member when no one else or nothing else can. The healing power of pet therapy certainly can be evidenced when you are fortunate enough to witness a pet therapy visit.

I am constantly getting positive feedback from our pet therapy teams and they continue to tell me how they are amazed at how well they are received by not only the patients, family members and visitors, but, also by the staff. Everyone makes them feel very appreciated and needed....and the dogs seem to know this as well. According to the pet teams....they feel "blessed" to have the opportunity to share with other people in this way and to be able to "help" others simply by visiting with their dogs.

## Fundraiser Results

The unofficial \$-raised from the May 6, "Community Night Fundraiser" at Isaac's Restaurant in Lancaster were \$114.01 with Isaac's 25% contribution being \$28.50. Thanks to all who supported us by enjoying great food at Isaacs!

## Cylo's Birthday!

Kip, along with several other mascots, helped Cylo, the Lancaster Barnstormers mascot celebrate his 3rd birthday on Wednesday, June 20.

Pre-game festivities included mascot introductions, relay race, and birthday cake and happy birthday song for Cylo.

Kip also participated in Dr. Shelley's Big Brush Off race! With his team already behind before it was his turn to run, Kip ran full speed to come ahead and beat the other team to home plate! You Go KIP (alias Connor Buccilla, son of Brenda Buccilla)!

All mascots were encouraged to walk around the stands and the skyboxes.

Kip was a fan favorite with young and old alike. He gave lots of high fives, hugs (especially to the teenage girls), and autographs.

He was accompanied by his own KPETS therapy dog, Indy (who was also a fan favorite by receiving lots of hugs.) Thanks KIP, I mean Connor!

## KPETS Hot Dog/Bake Sale

The day couldn't have been better - great temperature, with a breeze, set up in a shady area at the main entrance of the Carlisle Wal-Mart and the smell of hot dogs and sausages in the air. In the background, there was endless smiles and laughs of people getting "therapy" from the teams that brought their pooches along.

The day, by any standards, was a success for this kind of fund-raiser -- raising \$553.00 for KPETS. Better yet, this kind of fundraising was so easily to put together. Ros Rhodes approached Wal-Mart about having a Hot Dog/Bake Sale and selected an available date. Gini Swartzell using her many charms solicited grocery stores and received over \$250.00 in gift card donations, which allowed us to purchase everything we needed without using KPETS existing funds. The only thing that was left was to get volunteers and many turned out to help. Mary Fegley manned the grill, Vicki Bolinger took the food orders, and Ros Rhodes took the money and filled the drink orders. Lynne Sheridan and Lisa Pearl, who couldn't help out that day, contributed baked goods.

Others brought their pooches to draw in the people: Kelly Rogers with Nicholas, Lisa Deyo with Lilly, Frank Aponte with Milo and Dan Fegley with Little Joe. And did they draw in the people! From 11 am until we sold our last hot dog at 2:30 pm, there was only a total of about ten minutes that we were not busy.

Not only did people get "therapy" from interacting with our dogs, they were so impressed with what we do, that they all bought something.

We had such a good day, we are going to do it again on September 30<sup>th</sup>!!

## Hogs for Dogs

KPETS helped to support The Humane Society at its annual Hogs for Dogs on August 4, 2007 at Susquehanna Valley Harley-Davidson Motorcycle Shop in Harrisburg.

It was quite hot for our furry friends as the temperatures reached into the high 90's. Tucker and Milo cooled down eating frozen chicken flavored and peanut butter flavored Dixie cups. It took Tucker five minutes to finish his, Milo broke a record of 3 seconds to cool his tummy. Milo entertained the kids with his tricks (one being taking a treat out of Frank's mouth), while Tucker and Sophie charmed the people dressed in their Harley Outfits.

As I watched people with their

dogs in this hot weather, I was surprised how uneducated people are about the heat and how it affects their pets. A lot of people got their dogs cooled down at the doggy wash with the hose. But there were several people that had to be told by vendors that their dog was in distress from the hot pavement. One little poodle was doing the high step because the pavement was so hot and the owner was oblivious to her dog's pain. A vendor then approached the lady and asked her to please pick up her dog - that the pavement was burning his pads. The owner laughed a little and said "Oh, is that why she is walking funny."

So please, be aware of your pets well-being at ALL times - hot and cold!
