**Our Mission:**

KPETS is a non-profit organization established to promote Animal Assisted Therapy/Animal Assisted Activities (AAT/AAA) by recruiting, educating, uniting and coordinating volunteers with the facilities, social agencies and special-needs programs whose clients may benefit from the healing and rehabilitating effects of the animal/human bond. The unconditional love of our pets is shared with those of all ages and from all walks of life.

## God's Plan

We all know too well that our best furry friends' lives are not nearly long enough! And I regret to inform you that we've lost another dear dear therapy dog all too suddenly.

After spending the entire night at a local nursing home with her best friend Harmon to be with her terminally ill mother, Mimi Sigworth was on her way home on the morning of November 29. While driving, Harmon fell off the back seat. Mimi pulled over and got out to help him back up, but something was wrong. He wasn't quite 'there'. He was breathing but couldn't help himself get back up. Mimi got back in the car and flew to PETS (Pet Emergency Treatment Services). But it was too late. Harmon had passed on

the way there. He was only eight years old. The vets thought possibly a stroke or aneurysm had been the cause of death. I spoke with Dr. Sloyer about it later and he said it is rare this type of thing happens - maybe like 1 in 1000! Needless to say Mimi was devastated.

But this does not end here. Mimi was having a very hard time understanding why God would take her beloved

Harmon when he had so much more to do as a therapy dog. Harmon was even serving God with Mimi in a ministry to teach people of God's unconditional love. Why would God take him! She was trying so very hard to understand.

Several hours later Mimi's mother passed away. She had been hanging on for days without eating and now, had finally let go.

Mimi called me the next day to let me know that she now knew why Harmon had to go. Her mother never really liked to do anything by herself. She was afraid. She always needed someone. She had been hanging on for some thing, some reason. Mimi was now at peace with Harmon's departure. She could now un-

derstand God's plan. Harmon was there to help her mother so she would not be alone when she passed on.

The thought of Harmon guiding her mother has given her some comfort. But the loss of these two most precious entities in one's life in one day is so much to bear. But please remember Mimi and her husband Jack in your prayers.

## Twenty Dogs Represent KPETS!

On Friday night, November 30, what seemed to be the entire population of Elizabethtown turned out to welcome the arrival of Santa Claus! This annual event seems to get larger every year, with more floats, more bands, and more KPETS dogs. Marching from College Avenue to Market Street and past the judging stand at the town square, to signal the start of the holiday season. This year, twenty dogs represented KPETS!

We had several folks in costume. Mrs. Claus, walking her 2 therapy dogs, was dressed in a beautiful floor length red velvet dress. Ginny Swartzel stole the show again this year with an amazing Santa outfit complete with a full white beard! Many of the dogs wore hats, coats, and other seasonal decoration, and a

lot of the dogs sported their bright yellow KPETS therapy vests!

The KPETS group has become a favorite in this parade. Kids and adults alike love seeing the dogs

marching behind the KPETS banner, and look forward to seeing us every year. Think about joining us for next year's welcome to Santa Claus!

## KPETS Impact

KPETS is making an impact on York and Adams Counties. On November 17<sup>th</sup>, Mary Merrell and Margie Smith gave a presentation to the Beta Kappa Society in Fairfield, PA. This is an organization made up of school teachers. The audience was very impressed with all the activities we participate in. They had many questions and will be a great help in advancing our efforts in this these counties.

Then on November 28<sup>th</sup>, Mary and Margie started Books with KPETS at the New Oxford Library. This is our new reading program featuring Beamer the cat, Rosie the Collie and Pippa the Bernese Mountain Dog. What fun we had. We showed the KPETS DVD, fielded questions from parents, librarians and the kids, and

had some short reading periods. We had several families sign up for our next visit on December 13<sup>th</sup> and a request to start our program at the East Berlin Library. Several people left with information to sign up as KPETS Therapy teams.

Mary Merrell and Fran Holt have also opened up a program with Manor

Care North in West York. We can do visits anytime during the day or evening. We are also doing physical and occupational therapy with the rehab department. We are participating in therapy on Saturdays. That's right, Saturday. This is your chance to help in physical therapy and be able to do it on a weekend. Please contact Mary Merrell [marym@kpets.org](mailto:marym@kpets.org) if you are interested in any of these opportunities.

**Happy  
Holidays!!**

## Happy Birthday

Saturday, Nov 17 wasn't really the actual birthday day but nobody really cared. KPETS teams threw a party anyway at quiet Maple Farms in little old Akron at 2:30 pm. Needless to say, the place went to the dogs, and fast!

There were nine teams there! Anita Wolfe/Gracie, Lori Widders/Cooper, Elaine Dise/ Cammi, Karen Gerth/Sammy, Sherrie Ober/helped w/Podley, Nancy Houston/Gilly, Bobbie Sayer/Syreeta, Greg Donough/Jed, and Suzanne Solodky / Maggie. The room was quite small so we had all teams wait in the hallway before calling them in for introductions. We played the usual games but added Tic-Tac-Dog. The 34 residents that came out participated in the Treat Toss and the Peanut Butter Schleck. Kids came out for the fun day too! All the pups got their own Frosty Paw that their new resident friend got to hold for them. There were doggie birthday hats for people or dogs! Oh man, I just thought of it now - we forgot to sing happy birthday! duh!! I hope the birthday boys, Sammy and Gilly, don't mind. Just wish we had had the extra hands for a photographer. There would have been some great shots!

No photo from this time, but does anyone recognize these two cuties from a blast from a past "doggie birthday party"?

If you would like to have a birthday party for your pooch, why not contact a local retirement community and see if they'd like to host it for their residents. It really is a win-win-win-win situation. Residents are entertained, facility gets credit for holding an activity, we get to show off our pets, AND the dogs get the fun and love they thrive on. We can help you with an outline to follow if you like. Some facilities will even make a donation to KPETS for such a resident activity.

Hum, Christmas Party, Valentines Day. There's always an excuse to party!!! Right, Sam?

-Karen Gerth

### Kalendar Update

### Revisiting the Pet Therapy Program

*From Hershey Medical Center's Crescent Newsletter*

The Hershey Medical Center's Pet Therapy Program officially became a reality in February 2005 and continues to be an overwhelmingly successful form of therapy to patients, family members, visitors, and staff. Many more pet therapy teams have been added since the program's induction and visits are now able to occur on all the adult units in the hospital. The Medical Center is fortunate to have dedicated pet therapy teams as members of this special group who provide a very unique type of therapy to so many people.

The Pet Therapy Program is based out of the Volunteers Office. The

dogs must be pet therapy certified and also must wear an official Medical Center identification badge upon entering the hospital for visits. Weekly pet therapy visits occur on Tuesday evenings. In addition, arrangements can sometimes be made for a special visit if one would be needed for a patient or family member.

For more information regarding the Pet Therapy Program, please contact Cindy Wilson, program coordinator by cell phone at 717-319-1136 or via e-mail at [cwilson@rhoads-sinon.com](mailto:cwilson@rhoads-sinon.com).

### Another Orientation

Despite the fact it's the hustle and bustle Christmas time of year, our December 8 KPETS orientation had a really nice turnout! And not everyone was interested in using a dog for the therapy pet. We had one lady who would like to use her cat and another who will be working on getting her rabbit registered with us.

We had men, women and even younger ones come out for the training for a total of 15!

Pre-assessment/practice session the following Tuesday with substitute Bill Townsend finished up with three dogs attempting and passing their pre-assessment. The other five dogs attending were there for practice only. And fun was had by all.

The next session will not be until January 8, due to Christmas falling on our fourth Tuesday this month. We will be back at Mennonite Home with Wendy and Mary for those sessions on the second and fourth Tuesdays at 7 p.m.!

Enjoy the break, everyone!

## Visit Requests - Teams needed!

*As you can see our list of requests is growing and growing. Word is getting out how wonderful pet therapy is for folks in these types of settings. And now there is gaining interest for more diverse types of visits. Even if you can do once a month someplace, there may be someone else who can do that too, making it even better! Each volunteer's commitment is so valuable. I know it's the Christmas holiday season, but won't you please consider this for the new year! We all know how much it means to those we connect with. Thanks so much!*
