

Pet Therapy calendars available

The 2012 Medical Center Pet therapy calendars are here and available to both staff and patients. A limited amount of calendars have been put aside for staff. To request a calendar contact Jeanne Beckley, secretary, MICU at jbeckley@hmc.psu.edu.

A patient and pet therapy reunion

Wes Mallicone attended the November Service Excellence Recognition event, which recognizes providers, units, and Medical Group sites for achieving outstanding patient satisfaction scores. He was reunited with two of the dogs and their owners (Cathy Farr and Sophie and Darcy and Ann Louise Gilfoyle) who had visited Mallicone when he was a patient at the Medical center. He really appreciated the pet therapy visits that helped to brighten his days when he was not feeling the best. He encourages everyone to take a moment to say “thank you” to these very special dogs that have the ability to bring smiles to many faces at the Medical Center.
